

LAMBS ROAD ACADEMY GOALS

1. To develop an understanding of the love of God and His plan of salvation leading to a Christ-centered life and Christian service to others.
2. To provide learning experiences that meet student needs in acquiring information, solving problems, thinking critically, and communicating effectively in the framework of Biblical understanding of the world.
3. To acquire truthful knowledge of the major disciplines concerning the principles of physical, biological and social sciences, the use of mathematics, the historical record of mankind and current social issues in the context of the teachings of the Bible.
4. To develop understanding of responsible citizenship and to be an effective contributor to the religious, social and political aspects of society.
5. To be sufficiently equipped to secure employment, continue training or education with the end goals being the ability to provide for oneself and contribute something worthwhile to society.
6. To equip students to develop responsible interpersonal relations and to teach respect and concern of others and to actively seek to fulfill the Great Commission.
7. To build good character, moral behavior, and self-respect based on Biblical teachings, and to develop a moral sense of self-discipline and constructive goal setting for work, study and play.
8. To allow student to express oneself creatively in one or more areas of art, especially developing to the fullest already existing God-given talents, and to encourage student appreciation of art in its many forms.
9. To gain the knowledge, habits and attitudes that promote personal and public health – spiritual, mental, and physical – and to gain understanding of responsible roles in family life.
10. To instill in student an enjoyment and desire of life-long learning, achievement, and spiritual growth.
